“ my sympathy and love to our entire family during this sad time....June was my uncle and haven't seen much of him during the last several years, but I do have many memories of the fun times our families spent together in the years when his children and I were growing up. He and my dad worked together and many a time my dad would drop my mom and I off at their house and the two of them would ride to work together leaving my mom and Hazel to visit and all of us kids had a blast playing together all day....it is heartbreaking to see this generation leaving us one by one....so glad to have the "good old days" to hold close in my heart...he was such a kind and gentle soul and I am sure will be missed by many
